Certificate IV in Training and Assessment TAA40104 FULL RPL for holders of BSZ40198

This course is the new 2005 upgraded version of the old Certificate IV in Assessment and Workplace Training. This qualification is a pre-requisite for the new Diploma of Training and Assessment

It is important to note that the old Cert IV in Assessment and Workplace Training (BSZ40198) has been mapped across to the new TAA qualification. This mapping has identified some alignment between BSZ98 Units and TAA04 Units for which direct credit may be granted. However, direct credit will only be granted where the applicant can demonstrate recency and currency in the specific Unit of Competency. Corelink accepts 20 hours of assessment and training in the last 6 months as meeting the requirement for recency and currency of competence.

Applicants may want to consult the Queensland Mapping Guide – TAA04 Training and Assessment Training Package version 1.2, July 2005 available from the Queensland Department of Employment and Training or your own State Training Authority.

You will receive an RPL Kit after you enrol. This kit will provide you with guidance on what evidence you can collect. You will also be able to contact a friendly Corelink Coach to ask for advice.

Existing Cert IV holders

After you enrol, your coach will work with you to ensure the RPL process is as smooth as possible for you.

FULL RPL is for students who submit all the required documentation. **Contact with your Corelink Coach is still included free for three months! After you enrol, you will receive full guidance from your coach. However it is very important to remember that training to cover any competency gaps will be extra.**

About your Coach: Corelink coaches are very experienced and are selected on the basis of the following personal and professional criteria, they:

1. Currently work in industry as reputable and established trainers
2. Personally hold the new Certificate IV in Training and Assessment
3. Have a sincere desire to coach and support people to achieve their goals
